WHAT A YEAR! WHAT A BLAST!

The land of the FALCONS, Santa Ana Valley High School, was filled with fun and excitement. The student body was truly a UNIQUE BLEND of students. Students were really diversified. They came from every race, religion, and culture. They were international in background coming from such places as Samoa, Vietnam, Laos, Australia, Iran, India, Mexico, and of course, the United States of America.

These distinctly different and unusual people blended together to form a student body which was out of the usual in every sense of the word. They maintained their own cultures, and at the same time, joined together in clubs, athletics, and classes to form a student body that truly exemplified one main tenet of America, that all people are created equal. Falcons proved that diversified groups could combine and work together for a common cause.

Friendships that will last for years to come were firmly cemented at Valley.

At the same time, Falcons DARED TO BE DIFFERENT. Students wore whatever pleased them as individuals. Anyone visiting the campus could see fashions which ranged from preppy to punk. Hair styles, long nails, boots, etc. were again totally individualized and yet all this variety formed a calliope that was fun to be part of. Falcons studied hard and got good grades. They rode on everything from the city bus to skateboards. They liked a variety of movies, art, and music. A majority of the student body were mature in their actions, and made a concentrated effort to exude a better image of their school.

FALCONS were definitely a UNIQUE BLEND and they were PROUD of everything they did. This year was really a BLAST!

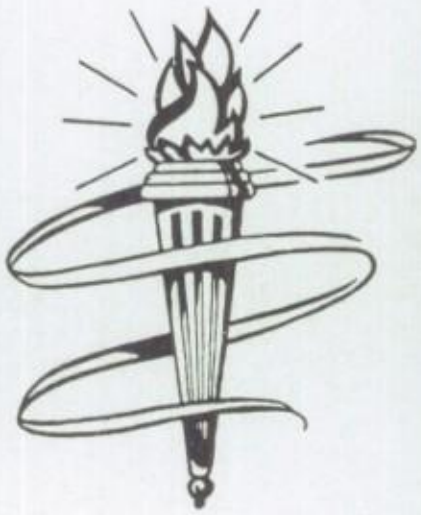
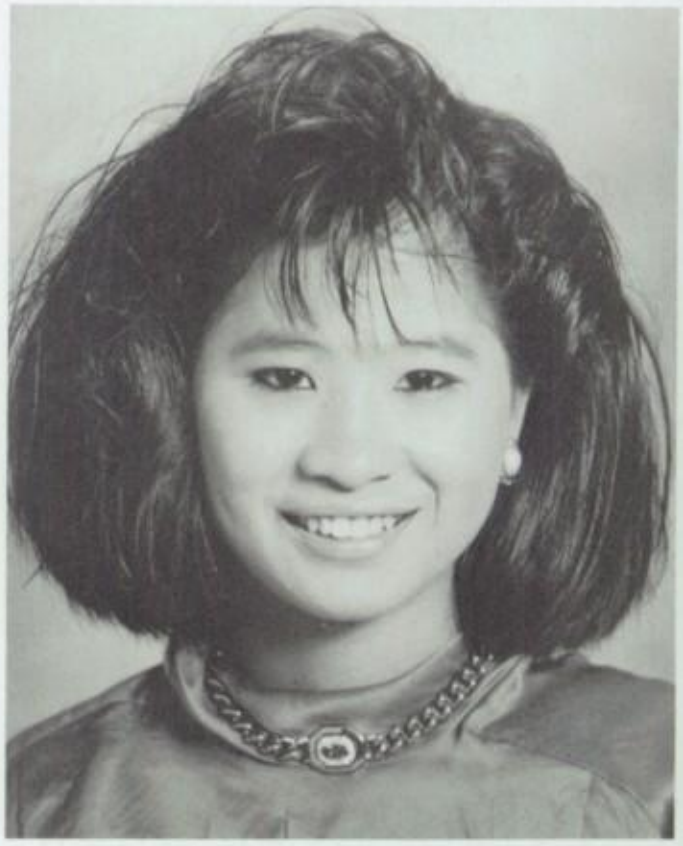
Guzman-Tran Capture Top Academic Honors

Elena Guzman





Cecilia Tran

Valedictorian

Taking the top possible academic honor for the Class of 1987 was Elena Belen Guzman, valedictorian. Born in El Paso, Texas, Elena has spent most of her school years in Santa Ana. Her favorite subjects and teachers are English with Mrs. Von Strohuber and science with Mr. Borelli.

An avid baseball fan, Elena keeps up with the Dodgers. On campus she has been a member of the Key Club, MESA, and the Computer Club. She has often been on the Principal's Honor Roll and is a Sealbearer in the California Scholarship Federation. Next year Elena will attend UCLA where she will major in biology.

"Valley is a great school," she stated. "I have recieved an excellent education and feel that I am fully prepared to succeed in college."

Salutatorian

Salutatorian, seventeen year old Cecilia Tran, came from Vietnam twelve years ago. Ceci laughs when she recalls her first few years in American schools when she knew no English and had to start learning the language from the very basics.

Ceci, the second youngest of eight children, loves science and math. Her favorite teachers are Mr. Borelli and Mr. Vincent. Her hobbies include movie going and roller skating. Her favorite star is Molly Ringwald; and, at the moment, she thinks "Top Gun" is the best movie she has ever seen.

On campus, Ceci has participated in Key Club where she held the position of vice-president, Photo Club, and Vietnamese Club. Senior class secretary, Ceci was also a member of Student Council and was a CSF Sealbearer.

Ceci's future plans include attending UCLA where she will major in biological science. She feels that she will do well in college because of the excellent education she has received at Valley, an "... excellent school with a great variety of people and cultures".

OCAD Competition Proved Difficult

The Orange County Academic Decathlon is a special Valley High School program for students interested in academic competition. During the year, three grade-level teams from Valley participated with hundreds of other teenagers throughout Orange County. Categories of testing ranged from expertise in the U.S. Constitution to the presentation of prepared speeches. Valley students gained several awards during the year long program.

Coordinator for the campus activity was Mrs. Jan Palmer, academic program specialist. Advisors were Mr. Larry Dobyns, Mr. Dick Jones, and Miss Sophia Theoharopoulos.

Bank Of America

Bank of America's Achievement Awards Program has developed into one of the most comprehensive and highly respected student awards programs in the nation. Today it includes more than 250,000 graduating seniors from virtually every high school in California, with annual cash awards exceeding $230,000, including thirty-two $2,000 top awards. Since the program's inception, more than $3 million dollars have been presented to participating students.

Designed with the help of prominent educators, who have continued to keep its selection criteria compatible with current school instruction, the program was established to recognize and honor outstanding high school seniors whose scholastic attainment, sense of responsibility and evidence of leadership give most promise of future success and service to society.

General field winners at each school receive personally engraved Achievement Award plaques and become eligible to participate in the program's next level of competition, the selection of finalists.

Valley's recipients for this year's plaque winners were Fine Arts, Robert Ortiz, Applied Arts, Trang Nguyen, Liberal Arts, Elena Guzman, Science and Mathematics Hang Nga (Ceci) Tran.

"State" A Learning Experience

Elena Guzman

Being selected as Valley High's 1986 Girls' State Representative came as a great shock to me. I had never heard of Girls' State and wasn't quite sure why it was such an honor to be a part of it all. However, when the week I spent in Sacramento with 500 other girls began, the answers to my questions became clear.

Girls' State was a full week of governmental education. Instead of spending hour after hour in a stuffy room absorbing pages and pages of Magruder's *American Government,* we actually participated in a mock government.

I will always believe that the best part of Girls' State was the delegates themselves. I was lucky enough to room with a girl who lived near the Oregon border. We spent many nights after lights out comparing notes on the guys in southern California to those in northern California. We built a strong bond of friendship in those seven days.

Everyone really got involved and made the program a huge success. I will always be thankful to Girls' State and the American Legion for giving me the chance to share in something special.

Elena Guzman

Javier Pinon

When I was selected to represent Valley High School as the 1985-1986 Boys' State Delegate, my normal reaction was one of surprise. Originally I had not taken seriously the fact that I would be spending a week in Sacramento learning about state government. However, what made this program so interesting was that every delegate would be participating in a mock government.

The day we arrived at the state capitol my only thought was how fortunate I was to be one of 900 other students throughout California who would be part of a week long enrichment program dedicated to studying state government.

Little did I know that it would be one of my most memorable learning experiences ever.

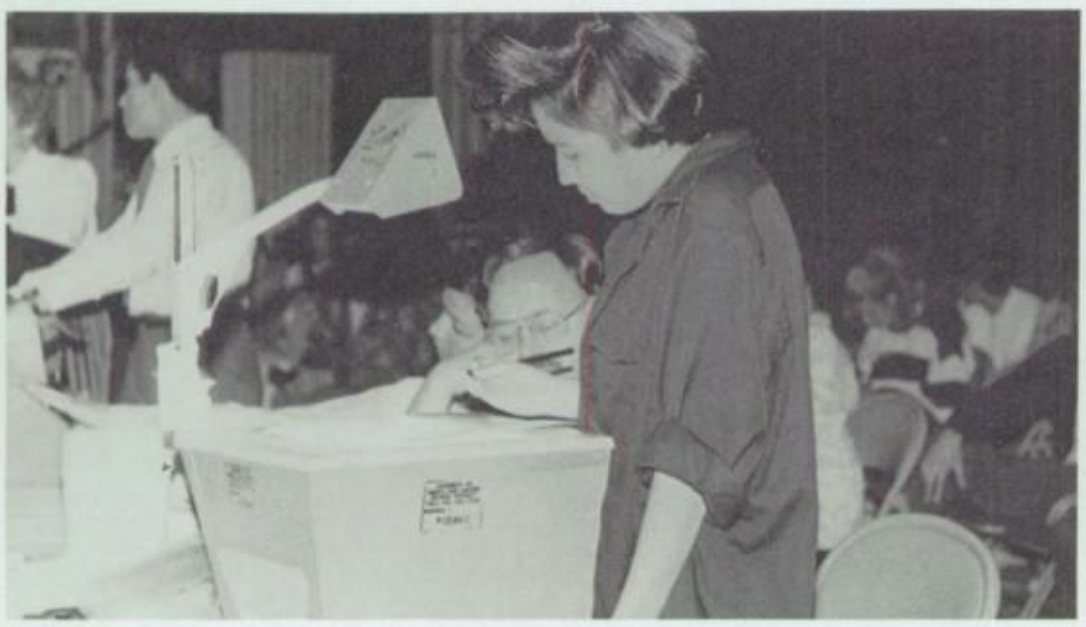
Getting The Buzz On Words

Winners get ready for spelldown.

The 21st Annual Spelling Bee turned out to be a challenge for many of the participants. Everyone was invited to participate and competitors were chosen from classroom finals. The winners of the Spelling Bee this year who competed in the District Contest were 1st, Barbara Johnson, 2nd, Kim Uhlry, 3rd, Clara Sanchez, 4th, Cythia Riso, 5th, Doug Wager. Alternates were Long-Ngoc Nguyen and Kenneth Willard.

Oh, no, I forgot the word.

Huh? I thought she had it wrong.



Let's see, how do you spell spirit?

Is that "wright" Mr. Jones?

Mock Trial Taught Future Lawyers

This year's Mock Trial team consisted of six attorneys, three defense and three prosecution, and six witnesses.

The first Mock Trial competition, the Marina Invitational, was held on Oct. 22nd and 29th. The team presented a case which supposedly took place near the Sierra Nevada Mountains in the early 1850's. The trials took place in the Orange County Courthouse.

The main purpose of Mock Trial was to give students the experience of speaking in a courtroom. Brenda Weikel, with some help from May Ussery, Terri Foy, and Attorney Michael Silvas supervised these meetings.

The Valley High School version of "JEOPARDY" was played by members of the Valley Kiwanis Bowl team. On February the third, the Falcon Kiwanis team swept past Santa Ana and Saddleback High to take first place in the bowl competition. In addition, they competed in invitational bowls throughout the county.

For fun, the members played their own version of "JEOPARDY". On February 12th, the team captured third place in the division competition, thus culminating their season on a high note. In this round they defeated such teams as Capo Valley, Katella, La Habra, and Santa Ana. It was a great season for the team.

Leadership Was Off And Running

In 1986-1987, the Student Council was off and running. They spent many hours debating about their spirit aimed events. Through hard work, they arranged very successful activities like Homecoming, Spirit Week, Pep Assemblies, Dances, Lip Syncs and other fund raisers.

The Falcon Was Informative.

The Falcon staff members under the guidance of Ms. Debbie Hill, advisor, and Susan Hatchett and Barbara Johnson, editors, produced one of the most prestigious high school papers in Orange County. Reporters, photographers, and cartoonists gave even their spare time to seek out interesting and newsworthy stories to keep Falcons abreast of Valley news.

The 1986-87 school year brought many changes to the Royal Blue Brigade.

Formally, known as the Marching Falcons, the Royal Blue Brigade displayed discipline and talent at every public appearance, under the guidance of Mimi Dominguez.

Besides playing at football games and competitions, the Royal Blue Brigade participated in field shows, parades, pep-rallies and performances for junior high schools.

The band consisted of 86 members each of whom contributed to its success. These students put in 28 to 30 hours of rehearsal each week. Their only day off was Sunday. The band's membership has increased over the years.

Wide Range Of Talented Singers

This year's choir had a wide range of talented singers. Advisor Miss Bluel best described the 1986-1987 Valley chorus as small but mighty. These dedicated performers had one thing in common; they loved to sing and were good at it.

The choir practiced during first period in the choir room.

Junior varsity and freshmen pep squad attended a four day summer camp, along with the varsity. They all did extremely well at the U.S. Spiritleaders camp. J.V. and freshmen cheerleaders and song leaders cheered at the respective class football and basketball games. All three squads also attended most of the varsity football and basketball games. The three squads, J.V. Cheer, J.V. Song, and freshmen cheer competed at a few competitions during the year. The captains were Tina Kami (J.V. Cheer), Mary Jane Perez (J.V. song), and Dawn McCarty (freshmen cheer).

For the past two years Valley's cheerleaders and songleaders have combined into one big pep squad. They have performed together at almost all of their performances. There is little difference between the two squads this year. The yell-leaders comprised another part of the squad who performed with the song and cheer at times. For the second year the pep squad spent four days at U.S. Spiritleaders camp during the summer. There they received every award a whole squad could receive except one. They took the 1986 Unity Award, Spirit Stick, and skit Award.

The V. Pep Squad as a group was very successful, not just at camp but also at the competitions they attended. The advisor for this spirited group was Sandy Martinez, and they were coached by Bill and Susan Taligod.

Enchantment Under The Stars

Homecoming Queen and King Rachel Gomez and Albert Acosta

Homecoming '86 proved to be a thrilling event. It took weeks of campaigning. The competition was tough. Finally, the court was announced at the Homecoming game during half-time. The tension ended when Albert Acosta and Rachel Gomez were crowned Homecoming King and Queen.

Valley was very proud to have the mayor of Santa Ana, Dan Griset, attend the Homecoming ceremony.

The runners up were Nicole Hardeman, Virginia Rivero, Frank Zintzun, and Jeff Wines. Other court members were: Junior Prince and Princess, David Adams and Julie Nunez, Sophomore Prince and Princess, Bernie Rivera and Jill Hill, Freshmen Prince and Princess, Sal Nunez and Jessica Broaddus.

In all, it proved to be an exciting night. The football team beat Villa Park 18-10. The night was full of excitement and memories.

"God's Favorite", a new play by Neil Simon, was presented in the fall under the direction of Miss Terry Foy. An hilarious comedy about a man who must prove his faith in God, the play was well received by the audience.

Albert Ambriz, Tina Lewis, and Eric Lingo, and Tracey La Touret held the leads and proved their dramatic ability. The entire cast showed excellent skills, and the play was a definite success.

Gourmets Gained Culinary Skills

Valley Villa completed another successful year under the guidance of Mrs. Conners and her assistant Mrs. Williams. Students learned to work together in order to get things accomplished. The staff put a lot of time and effort preparing for Thursdays and Fridays. The students learned to purchase groceries, prepare, and serve food. The students also learned to do many duties such as bussing, cooking, hostessing and managing.

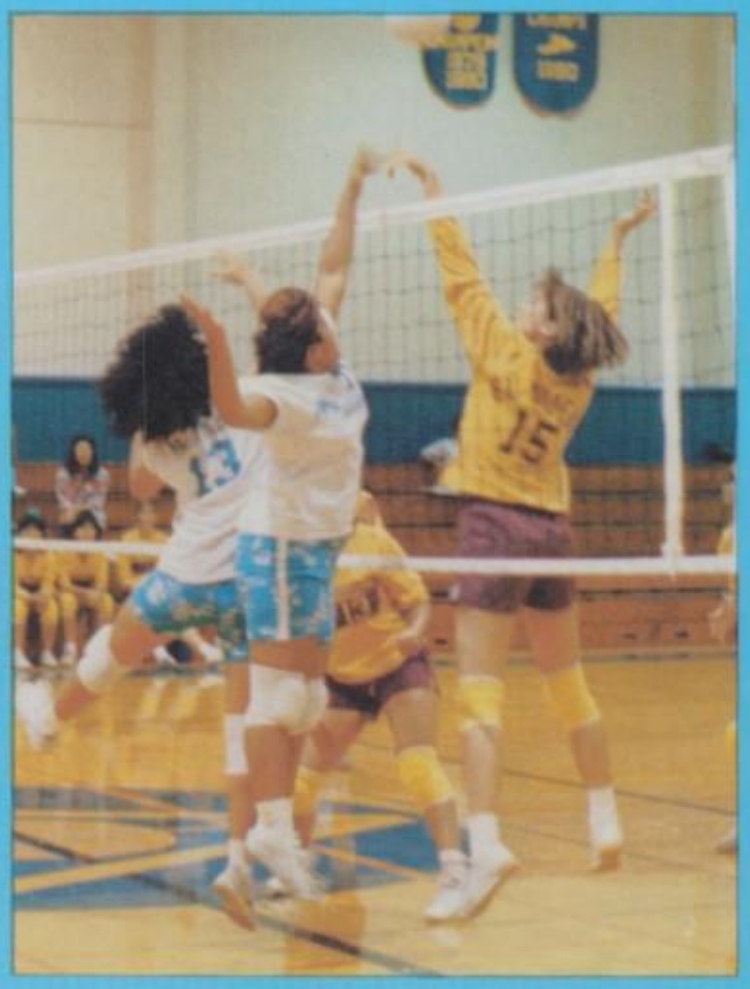
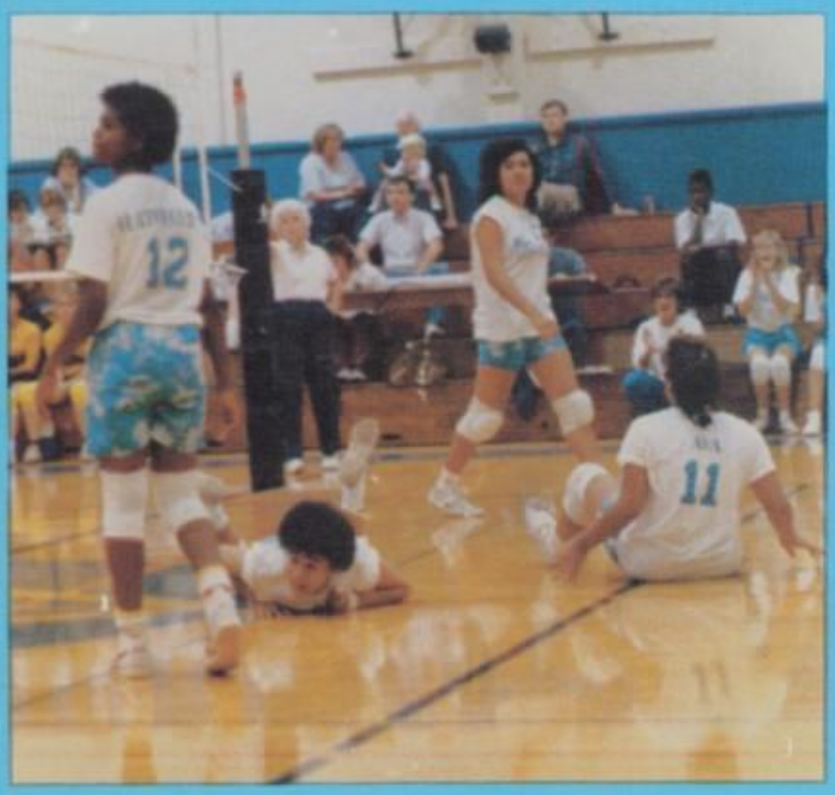
VOLLEYBALL





For the girls' varsity volleyball team, "TOGETHER" may be the motto that best fits. When they played together, they were unable to be beaten. For coach Judy Moeller, the 6-0 record marked the first time that Moeller had remained undefeated in pre-season.

When league opened, the spikers hung tough to uphold their pre-season achievements. Many games ended in 5 matches because the girls fought every step of the way, challenging each team that they faced.

Captains Moana McFall, Susan Hatchett, returning player Irene Naea and newcomers Joanne Alo, Nina Ava, Bao Lee, Ana Martinez, Franchesca Rumps, Cecilia Sanchez, and Chris Sigler worked hard during practices, developing skills to outplay and outscore their opponents. They brought excitement to the court and showed good sportsmanship towards each team they competed against. They were dedicated to the sport of volleyball, committed to the team, and determined to win.

The J.V. Volleyball team had a great season with an overall record of 8-8. They learned a few valuable lessons. For instance, they learned to play as a team, a task which was probably the most difficult. With the help of Mrs. Martinez, the girls found out that teamwork was the only way to accomplish their goals. They learned good sportsmanship which meant that whether they lost or won, they were still winners.

"The team learned that a good attitude and positive motivation can over come many obstacles," stated Mrs. Martinez.

With the 1986 football season came the introduction of Head Coach, Mr. Dan Castanon. His personal philosophies and athletic skills were incorporated into the athletic program.

Mr. Castanon, his coaching staff and his players were committed to develop an athletic program, in which was "totally dedicated to team success".

Victories over previously undefeated Nogales High School (16-15) and Century League competitors Villa Park (18-10) highlighted the Falcon season. Included in the 1986 schedule was a traveling trip to Channel Islands.

The 1986 season set the foundation for future Falcon success. Coach Castanon believed that continued dedication on the part of the players and the coaching staff was vital to success. A well disciplined and dedicated team when linked with the support of all Valley students will spell V-I-C-T-O-R-Y for the Falcons!

Frosh Were Competitive

"This year's freshman team was very competitive, even though they only won three games. Every game was very close. Some of the standouts were: quarterback, James Stewart, who threw five touchdown passes; Jesse Brooks who was the leading rusher; Isaac Guerrero and Scottie Strong were the leading receivers. On defense, Isaac Alo, Ming Ly, Wiley Love, Kenny Barnes, Jose Casses and Brennan Lowe had outstanding performances in every game. I believe, with the addition of these young men to our program, the future for Valley football looks terrific."

The highlight of the season for girls' field hockey came when they tied arch-rival Santa Ana in a 1-1 game. Of the six seniors on the team, three, Tahna Begay, Nikki Hardeman, and Dionne Rodgers lettered for four years.

Other returning seniors, Adela Dequino, Bao Lee, and Ceci Sanchez worked with the newcomers to construct a strong, determined team. The girls learned quickly, and improvement could be seen almost immediately.

"The girls improved one hundred percent between the first and last games," stated Sandy Ruller, coach.

The Lady Falcons 1986-87 varsity basketball team was by far the best team to represent Valley High School since its admittance to C.I.F. in 1974 according to Coach Beth Lovett.

The First Annual Faculty vs. Lady Falcons game on Dec. 4th began on a "high note" from the faculty kazoo band. Faculty and varsity players, the aerobics team, cheerleaders and kazoo band members had great fun participating and raising funds for the girls' basketball program.

The Lady Falcons serious season began with the trouncings of Laguna Beach 41-17 and Saddleback 64-36. A second place trophy in the Bolsa Grande Tournament verified the potential the Lady Falcons had as C.I.F. contenders.

Century League play proved to be exciting and rewarding. A league record of 7-3 guaranteed the Lady Falcons 2nd place in Century League. The overall record of 13-6 placed the 1986-87 team 1st in the school's record books.

The 1986-87 team was the first girls' basketball team from Valley to rank as high as 2nd in league play and the 1st Valley's girls' team to participate in C.I.F. playoffs.

"I have never been involved in a program where girls achieved so much in such a short period of time. We had no height; we had no experience working together. We had only eight players, but those eight had the heart and determination to win. We started the season as a freshmen caliber team and, in the process, the girls learned enough about basketball and teamwork to rank among the top 32 teams in Southern California. I am very proud to have been the coach of this team," concluded coach Beth Lovett.

Each individual team member won about 70% of his matches. Junior varsity players, David Vega and Tony DeClaro made J.V. league finals. Jaime Pinon, Juan Naranjo, Dervin Morris, and Teddy Sullivan made varsity league finals in which Pinon placed 1st. In CIF, Pinon took 3rd place and Naranjo placed 4th. Track started off with a team of talented athletes enthusiastically practicing for a grueling season. Coached by George Payan, Bernie Hawn, and Richard Oberreuter, and Noble Franklin, Valley's cindermen felt confident that they would complete the season by participating in CIF.

Kenny Phillips and Mike Williams led the team in the boys' high jump. Carol De la Torre and Lanee Wright kept the stats up for the girls' high jump. Williams and Phillips also surpassed many other athletes in the long jump. Top shot putter was Danny Alo. In the sprint, many names were mentioned since there was no lack of speed or aptitude in this event. Leading sprinters included: Paul Peters, Dion Evans, Greg Carroll, Mark Shores, James Barclay, Von Williams, Lechelle Shelby, Dionne Rogers, La France Pierce, and Eva Orosco. In long distance running, Linda Villa and Esperanza Ramirez showed style and great leadership.

Badminton Showed Skill

A very large team of 47 people participated in many matches from home games and away games. This year's badminton reps were Pres. Cai Khanh, V-pres. Dung Ly, Sec. Patty Sugiyama, Treasurer Linda Le, and Managers Toni Carver and Lisa Emmett. At the banquet, many trophies were awarded to the outstanding players.

Outstanding senior players were Linda Le, Bao Lee, Quoc Le, and An Khuu. In their meets against other Seaview League schools, they defeated top players to bring exciting victories to Valley.

For the first time, the team was introduced and recognized to the students and faculty members at the spring assembly. With the assistance from coaches Cralle and Ruller, the team had a winning season.

The 1987 varsity swim team started out again with a new coach, Kirk Dennis, who brought inspiration to the pool deck. The team was led by standouts Scott Nelson (fly and individual medley) and Jeff Wines (freestyle and backstroke). Although the record does not reflect their abilities, the team pulled together in their meets and displayed dedication that proved that they were small in number but mighty in strength.

Jr. varsity

This year's junior varsity team, coached by Coach Wagstaff, showed amazing potential as the 1986-87 season progressed. Tough competition forced the swim team to work hard to prove themselves to the other teams. The team was led by veterans Doug Wager and Victor Perez who helped keep the team's spirit up through stiff competition.

It was a season of progress for the Valley girls' swim team. The team doubled in size and the attitudes were positive. This year's swimmers, except for Lori Barta, a four-year veteran, and Elisa Morgan, a three-year veteran were all new to the team. The outlook for next year is excellent.

The '87 J.V. sluggers had a very productive season. Their physical talents were helped with basics being emphasized by their coach, Reggie West. The '87 season was a fresh start for baseball at Valley. With a new coaching staff in charge, the program got an attitude change. Players learned that to win, they had to work as a team. Although the numbers don't show it, '87 was successful in that the team took a big step toward becoming winners in the future.

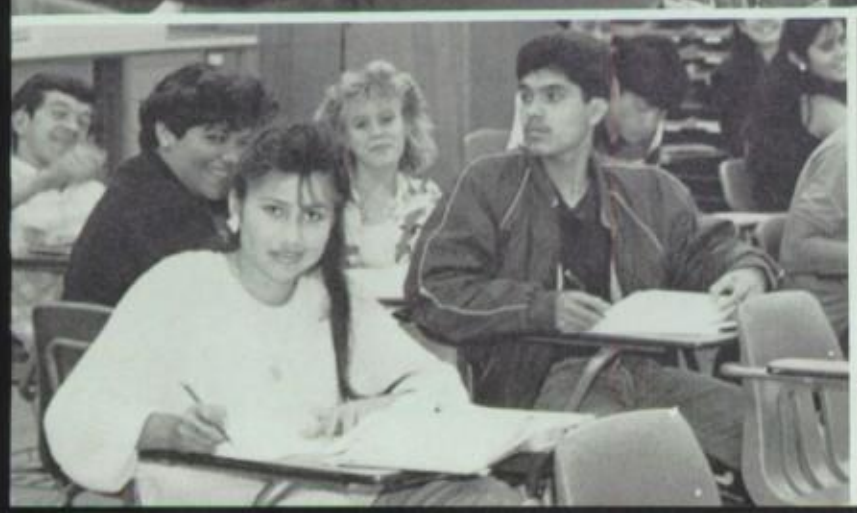
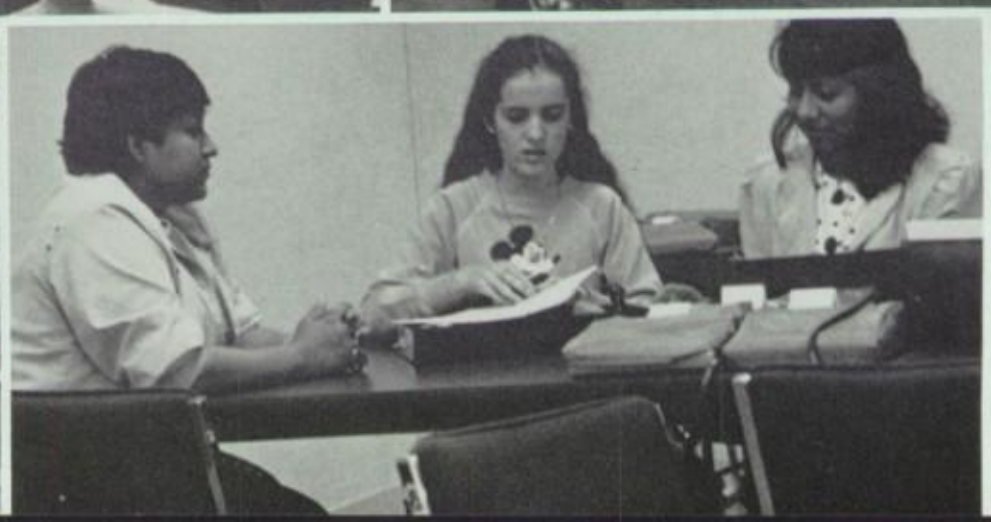
ALBUM





In addition to many new faculty and classified members, when the 1986-87 school year began, three new administrators Mrs. Joan Lucero, guidance coordinator, Mr. Richard Mahoney, student services vice-principal, and Mr. Mark Hollenbeck, student activities director, were added to the staff.

The year began smoothly, according to Mr. Remi Alvarez, student services vice-principal, as students and staff adjusted to each other and to new schedules.

The faculty, reputed to be the best in Santa Ana, instilled a desire for excellence and knowledge in their students. Many students were chosen for the Principal's Honor Roll at the end of the first six weeks, and the list continued to grow throughout the year as Falcons showed their pride in academic achievement.

During the year the school was painted white and blue, an accomplishment which improved both the physical attractiveness of the plant as well as the image of the school. Another innovation during the year was the initiation of the Academy Program under the direction of Mrs. Jan Palmer. The program, designed for ninth and tenth graders, provided courses and activities for the college-bound students and proved to be successful.

Under the direction of Dr. Murdo MacLeod, principal, Santa Ana Valley completed another successful year.

By the close of the second semester, Falcons had exhibited pride in themselves as another school year came to an end.

Anyone attending a pep assembly this year would have found it obvious that the class of 1988 was full of spirit. The juniors yelled louder and longer than any other class and won the Spirit Stick most often.

The junior enthusiasm was also obvious in activities. They supported many clubs and groups on campus. Under the direction of Sandy Martinez, class advisor, Robert Espinoza, president, and Tina Lewis, vice-president, the class of 1988 planned and executed one of the most fantastic proms in Falcon history at the Disneyland Hotel. Juniors held fund raisers to insure that this prom would be memorable for years to come.

Juniors were truly United, Unique, and Spirited.

Look at that girl!

The sophomore class was led by president Teresa Medina and Vice-president Myrna Mejia. The sophomores tried very hard to raise money by selling class sweatshirts and other items. This year was a truly successful for the sophomores, and they made it that way with their spirit. They were extremely loud at the pep assemblies and rallies. If sophomore enthusiasm continues to grow, the class of '89 should be one of the great classes to graduate from Valley.

This year freshmen spirit greatly improved from the previous years. The freshmen were spirited at all of the pep assemblies. The class of '90 made a tremendous start for their class.

This year the freshmen class was led by Zondra Smith, president, and Hang Dang, vice-president. They led their class to a high-spirited year of fun.

Key Club, under the advisorship of Mr. Hal Kraynek, Mrs. Charlotte Jaegar, Mrs. Shuntele Andrews, and Mr. Dick Jones, stimulated its 100 members to become aware of the people around them.

Its fundraising money during the Spirit Week and throughout the year was used to sponsor one of the Special Olympic athletes.

These active Falcons also engaged in community service for the handicapped and elders. At the end of the year, they enjoyed themselves with a picnic in the park.

Mesa is an organization which helps minority students to enter such fields as mathematics, science, and engineering. Tuitoring was offered to members in any of these subjects every weekday after school. To encourage success, the program gave monetary rewards for excellent work. Mesa advisor, Mrs. Gail Matthews, inspired students to pursue degrees in higher education. With the fundraising money made during the Spirit Week and throughout the year, they had a beach party and took a trip to Magic Mountain. For regular participation, members took a spring trip to Catalina Island.

Vietnamese Club

The Vietnamese Club under the advisorship of Mr. Le Thong, instilled pride in Vietnamese culture and heritage in its members. It also helped the Vietnamese students become familiar with the American education system.

Throughout the year, its members were involved in many activities such as fundraising, picnics, publication of the Vietbut Magazine (which was written in both Vietnamese and English), and especially participating in the Cultured Tet Program as a service to the community.

They performed great plays like "God" by Woody Allen and "God's Favorite" by Neil Simon.

They also went to Hollywood to see TV shows being taped.

The Future Homemakers of America had a very fun time this year. With Ms. Judy Conner as their advisor, the FHA burned few dishes.

They cooked many successful new recipes this year for the faculty and the seniors to taste and enjoy.

They also went to the store on Tuesdays to buy the food needed for the meals served at the Valley Villa.

Bones

The Bones. What does this name mean? By definition it means the parts making up the skeletal system of the body. At Valley, though, it means a group of people that have fun. From Doug spazzing in Villa Park's gym to Ben acting just plain strange during lunch, over the past two years the club has become synonymous with good times. This year, we say goodbye to two seniors, Gary and Ken, but David, Ben and Doug will be looking for new freshmen and sophomores next year. Thanks, Mr. Phillips for all your leadership.

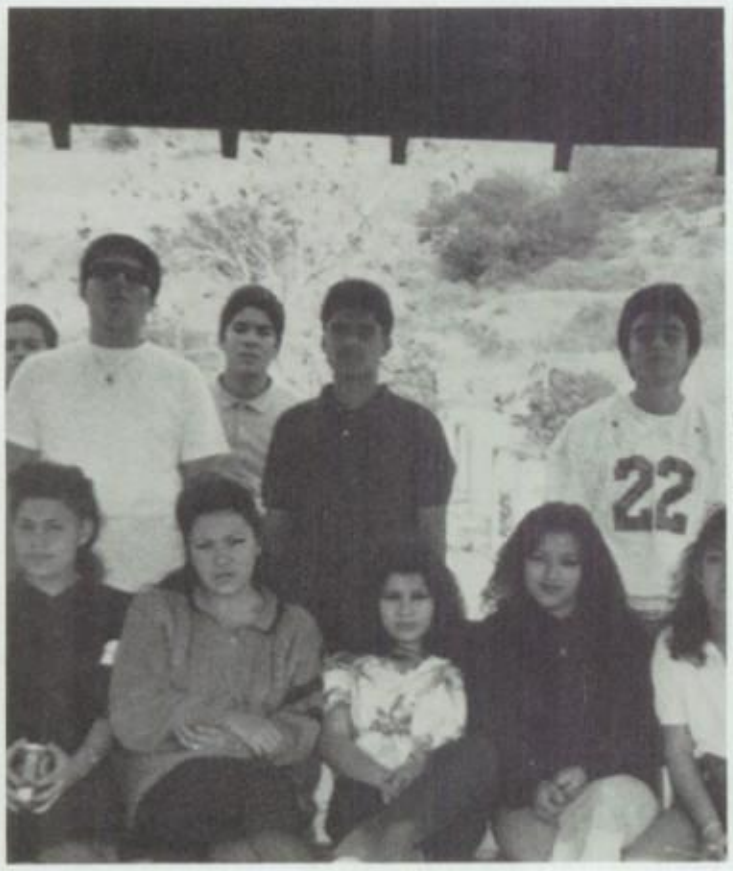
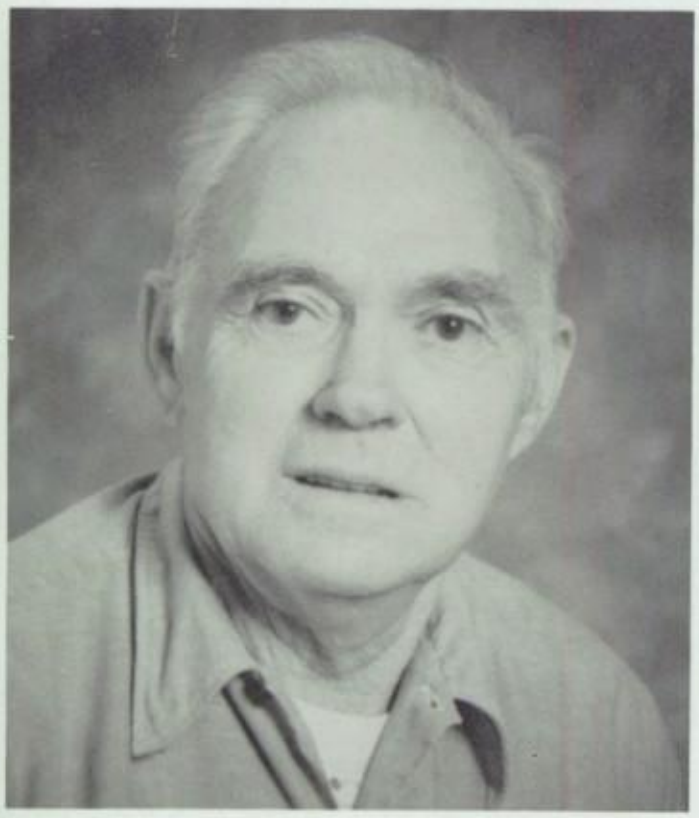
Weekends Were Fun-filled



SATURDAY . . . HURRAY . . . Weekends found Falcons playing, working, and partying. For some dirt bikes, and desert trips made the weekend fly. Others hit the beaches to lie in the sun or surf. Many spent hours in the malls looking for the newest fashions with which they could dazzle their friends on Saturday night or Monday morning. Dancing, going to plays or movies, or just relaxing also were important to Falcons. Whatever they did, Falcons REALLY enjoyed weekends, each in his own unique way.

In Rememberance Of Wyman Jordan



Wyman Jordan

The Falcons dedicate this page to Wyman Jordan who died of cancer on July 25, 1986. Born January 29, 1929, in Vernon, Alabama, Mr. Jordan left behind a family of two, his wife and one son. Before he came to Valley, Jordan served in the Marine Corps for 20 years as a master sergeant. Mr. Jordan came to Valley 25 years ago, and by the end of his career, was head custodian.

Mr. Jordan had a unique character. He was the kind of man who enjoyed using his hands. He could fix anything that was broken. He was also a sensitive person. On campus he adopted any stray cat that appeared and would even come in on weekends to make sure they were fed. One of his "babies" still lives under the career center.

Mr. Jordan was loved by his family, peers, and his friends. Valley will miss him.

Christina Woodfin

Christina Woodfin a student from Valley was killed when her home exploded in a natural gas disaster on Monday Dec. 1, 1986. Christina was born April 29, 1970 and passed away Dec. 1, 1986 at the age of 16. She was a Special Ed. student in her first year at Valley.

Christina had a beautiful singing voice and enjoyed music. She was involved in church choir and scouting and participated in the Special Olympics. Christina was interested in modern clothes and hair styles.

Christina will be missed by Mr. and Mrs. Woodfin, her brothers David and Joseph, her sister Diane, and her friends and teachers at Valley.

As Editor-in-Chief of 1986-87 *Talon,* I have experienced many challenges. There is a special satisfaction one receives when a student who had worked hard achieves success and is overwhelmed by his or her accomplishments. Special thanks go to our advisor, Mrs. Elaine Stuckey, for her patience and for dedicating her time for this yearbook. Also special thanks to the staff for the effort they have put into producing this book.

Sincerely,

Rosie Dole
Editor-in-Chief
1986-87

Rosie Dole

What a great year! The *Talon* staff was the largest in history, and everyone was enthusiastic about the book. We spent hours deciding on a theme and cover, hoping that this book would be the best ever produced at Valley and that it would reflect the times we all want to remember. As anyone can see, we were successful. What a terrific book of memories! We would like to thank the whole staff for working so hard.

Senior class editors Darrell Warren and Linda Le did a fantastic job on the senior section.

The Sports editors Jennifer Lingo, Saul Garica, and Christine Cassiano, had a hard time organizing the sports section but they did a fantastic job with the help of Juan Casas, Josefina Naranjo, Gorge Nunez, Kim Pham, Kiet Nguyen, and Jennifer Nelson.

Faculty editors were Tim Robinson and Regina Sampieri. In spite of many problems the section was finally completed, and we hope it is one which well please our staff.

Class sections were done by Juan Casas, juniors, Christina Stamp, sophomores, and Kim Pham, freshmen. Even though they were all new staff members, they learned quickly how to put the sections together in spite of having to fit 500 people into 10 pages.

Activities editor was Noemi Romero. She did a tremendous job with the activities section with the help of Adriana Alvardo, Carlos Lopez, Angie Ortiz, Saul Garcia, and Nora Galindo.

The club editors were John Cruz, Hoan Le, and Tam Nguyen, their photographer put a lot of creativity into the book.

The Photographic editor was Linda Le. The most important workers on the staff, photographers would stay after school and take pictures to meet deadlines. Really appreciated were: Magdalleno Rodriguez, Hoan Le, Kiet Nguyen, Jennifer Nelson, Hung Tran, and Sandra Herrera.

Our business manager for first semester was Mary Monterrojas who did a great job before she left. Sandra Herrera and Christina Stamp completed the year putting on the finishing touches.

Gary Smith's Bones page and popourri section made us sweat a little at deadline time, but he came through.

Darrell's idea for a cover turned into reality with the creative drawing of Leticia DelVal.

Nora Galindo and Cristina Salera helped out with typing when we needed it.

My four years at Valley have been really great. Being on yearbook staff was even better. Starting my freshmen year as just a staff member and going up to be Co-Editor-in-Chief was really great. First I want to thank Mrs. Stuckey for all the extra time she put in because we would have never finished without her. As for the entire yearbook staff, I think you guys did a terrific job. I consider this to be the best book ever produced, cuz it is very "unique".

Love,

Maritza Hernandez
Co-Editor-in-Chief
